- Content creation
- Analytics
- Communication
- Creativity
- Strategic thinking
- Quick understanding

### CERTIFICATION

**NPTEL** :Programming in JAVA with **ELITE**

### EDUCATION

---

#### SSLC

Star Matriculation Higher Secondary School,  
Karur with 79.2% (2018-2019)

#### HSC

Star Matriculation Higher Secondary School,  
Karur with 83.16% (2020-2021)

#### UG

Nandha college of Technology, Perundurai,  
Erode.

B.Tech Information Technology

CGPA-7.6

### PROJECT

---

#### Calculator Application

- Developed a web-based calculator with a responsive user interface.
- Implemented backend logic using Java Spring Boot and managed data with SQL.
- Designed a clean, intuitive frontend with HTML, CSS, and JavaScript, ensuring seamless integration and efficient arithmetic operations.
- Designed a clean and intuitive interface for user interaction.
- Implemented robust and efficient calculation algorithms using Java Spring Boot.

#### Text to speech web page

- **HTML:** Provides the structure and layout of the web page, organizing the content and interface elements.
- **CSS:** Styles the page, making it visually appealing with design elements like fonts, colors, and layouts.
- **JavaScript:** Handles the functionality, enabling the text-to-speech feature by interacting with web APIs to convert text into spoken words.
- **Integration:** Combines HTML, CSS, and JavaScript to create a seamless user experience for converting text into speech on a web page.
